Torch Light.
Design: Sylvain Willenz for Established and Sons
www.establishedandsons.com, www.sylvainwillenz.com

Installation at the entrance of the Ingo Maurer show in Milan
www.ingo-maurer.com

Champagne lamp.
Design: Sam Baron for Bosa
www.sambaron.blogspot.com

Jirafa, characteristic feature of the floor lamp Jirafa is the construction of the lamp's base. The three legs differ in length and are attached to each other following a mathematic algorithm.
Design: ding3000, www.ding3000.com

Ziplamp.
Design: Merry
www.merry.es

Stripped Light, is a floor lamp inspired by a standard table lamp. Stripped of its lampshade it spends a crystal clear light, while at the same time spreading an atmosphere of subtle comfort. Switched off it reveals its natural interior details.
Design: Tina Roeder
www.tinaroeder.com

WaSnake ELA, modular shelf, luminous digital object.
Design: Jean Louis Frechin, www.via.fr

Candlestick.
Design: Sofie Lachaert
www.lachaert.com

Sconfine luminaire range.
Design: Matteo Thun
www.zumtobel.com

Radiator I, is the first in a series of heating devices developed with the designer's technological partner KWS Schiestl using a new technology. The use of GRP allows freely formed heating units with imprints and embellishment with Crystallized™ - Swarovski Elements. Design: Pudelskern, www.pudelskern.at

Anchorlamp. Design: Matthias Ries Design Office, www.matthiasries.com

Blow-off Chair, wooden furniture is burned after wrapping the wires around, leaving the single form of the wires. It is about the philosophy of trace. Design: Opening United Studio, oustudio@gmail.com

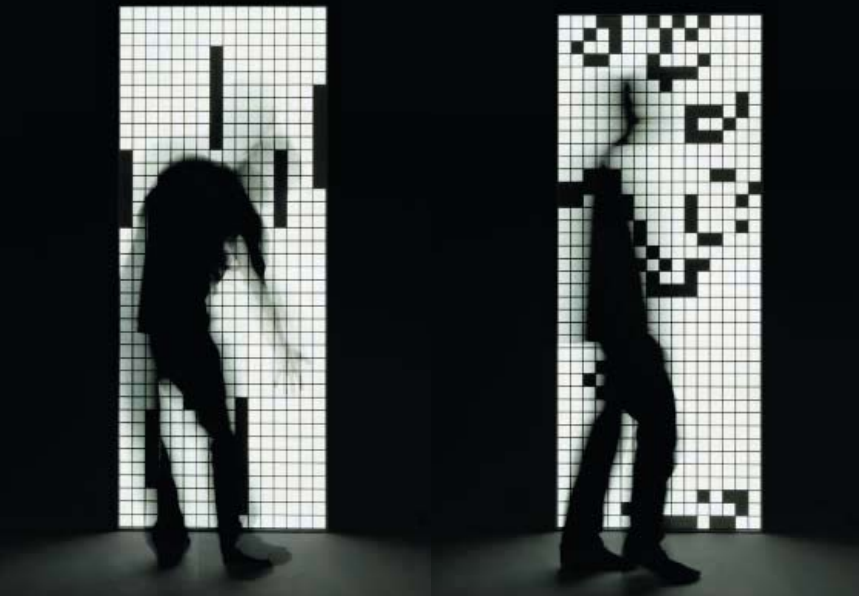

Burn. Design: Kihyun Kim, www.seouldesignweek.com

Scented time, each scented candle lasts twenty minutes and before dying it gives its flame to the one that follows.
Design: Sovrappensiero, www.sovrappensiero.com

WaDoor, door-screen. Design: Jean Louis Frechin, www.via.fr

Bilberry A338.
Design: Alvar Aalto, 1950s
www.artek.fi
